Welcome to the CTi Family...

Concrete Technology Inc. (CTi) is the manufacturer of one of the fastest growing products in the home improvement industry today. CTi has been listed in *INC Magazine’s* prestigious INC 500 list of America’s fastest growing, privately held companies. In addition, CTi has been listed in Deloitte and Touche’s Technology 500 as one of the top new technology companies in America today. CTi and its products have been featured on TV shows such as *This Old House, Home Savvy* and *Gimme Shelter*. In addition, CTi’s revolutionary processes and programs have been featured in dozens of newspapers and magazines around the world.

CTi has installed over 90 million square feet of its easy to use spray system for thousands of satisfied home and business owners throughout the United States and in 22 foreign countries.

CTi is headquartered in the beautiful Tampa Bay area of Florida. Its international headquarters and training facility is where Dealers from around the globe have started their new businesses with CTi.

CTi’s unique setup of charging no franchise fees, no royalties or any other charges related to representing our product line means that the only way we succeed is if you succeed. This unique relationship has made CTi the largest resurfacing company in America today.

Please review this introductory package and contact your CTi representative at your earliest convenience. The package also includes a DVD that contains a movie describing CTi’s products and opportunities.
Thank you for your interest in CTi. We have helped hundreds of entrepreneurs, business owners and families achieve their dreams of financial freedom and owning their own business over the past two decades. With CTi, you don’t have to worry about the overwhelming challenge of starting a business from scratch.

CTi offers you the ability to be in business for yourself but not by yourself. After our comprehensive initial training, you will know how to install our best selling Hallmark System along with our interior finish, our CTi Duraflek 5000.

CTi offers you the tools and knowledge to start your business quickly without charging franchise fees, royalties or other fees that cripple a start up business. CTi's widely acclaimed “Path and Destination” System provides you with a simple, easy to use program designed specifically to meet your needs. With CTi’s “Path and Destination” System, you will have the vision, goals and plan to create the business of your dreams.

Your initial Dealership package can be customized to meet your needs. Ranging from our introductory package which provides all the materials needed to install our Hallmark System along with our basic marketing package, CTi also offers its popular “Business in a Box” which provides everything you need from the CTi material, to all the equipment needed to install the CTi System as well as all of the advertising and marketing materials you will need to start your business immediately.
What do you provide your customers?

The CTi System is America’s #1 coating for resurfacing unsightly concrete. Concrete is one of the most widely used building materials today. Unfortunately, concrete deteriorates over time due to wear and tear, the elements, and movement. The CTi System protects the original concrete from these factors and provides your customers with a finish that looks better, is easier to maintain and is stronger than concrete.

Your customers will love the way you provide them with a finish that actually looks and feels like tile, slate, marble or any other industry standard products for a fraction of the cost. In addition, billions of square feet of new concrete are poured in the United States each year so your opportunities are endless!

The CTi System is
- Freeze/Thaw resistant
- Fade resistant
- Stain resistant
- Salt/Alkali resistant
- Twice the strength of concrete
- Heat resistant
- Easier to maintain than concrete
  (day to day dirt and grime can be cleaned with a hose).
- Adds value to a homeowner’s property
CTi will jump start your business with its proven direct mail program that targets specific homeowners anywhere in the United States. These programs will get your phone ringing with qualified individuals who are excited about becoming your customers. To help you in these inquiries, CTi provides its Dealers with a professionally designed web site template so you can develop an internet presence immediately.

Once you have their interest, you can use CTi’s award winning Navigator program that allows you to show the customer what their home will look like before and after the CTi System is installed. In addition, CTi provides its Estimator Software that insures you quote a profitable price for each job.

CTi has a number of sales and marketing tools to aid you in creating demand for the product as well as explaining it to your customers. Whether it’s advertising flyers, a business plan, lawn signs, or even web site development, CTi has the tools necessary to help you secure the customers you need for your success.
Installation of the CTi Spraymark System is as simple as 1..2..3...

Step 1:
The original concrete is first prepared by acid etching with a diluted solution of muriatic acid (like what is used for swimming pools) and water. The area is then pressure washed with a minimum of 3500 psi pressure washer.

Step 2:
Once the preparation is completed, a texture coat is applied by spraying a main color and then highlighting with 2-3 different colors to provide depth and realism.

Step 3:
Once the process is complete, an acrylic enamel seal coat is applied that makes the CTi System impervious to fading, stains, the elements and keeps the system looking new for years to come.

Step 4:
COLLECT THE MONEY!

Satisfied customers mean your success!

“I wanted to take a moment and thank you for the wonderful job done at our new showroom in Stuart...”
Treasure Coast Harley Davidson of Stuart

“We are pleased to inform you that the CTi Series have successfully passed our testing requirements...”
Iowa Department of Transportation

“WOW! What a difference you made in the appearance of our home...”
Cathy – Des Moines, IA

“Your job is beyond my wildest expectations...”
Carol – Harwood Heights, IL
With CTi, you can provide your customers with everything from simple...
...To Spectacular!
The Next Step Is Up To You...

Step 1. View the movie and read the information contained on our web site.
Step 2. Call your Dealer Advisor and Have an in-depth Question and Answer session.
Step 3. Decide upon and Schedule a CTi Training Class date.
Step 4. Make a commitment to CTi... and secure your financial future.*

Our CTi Training Classes are normally held twice per month at our corporate headquarters in Largo, Florida. They’re designed to teach you how to be a successful CTi Dealer, and they take you through every step... from marketing your CTi business to product application to collecting your payments. Our Training Classes are always held on a Thursday & Friday. They fill quickly, so let us know as soon as you’ve decided to join our CTi family.

*CTi offers you a Money-Back Guarantee: If, for any reason at any time during your Training Class, you decide that a CTi Dealership is not for you, you can ask for and receive a full refund (less our $499.00 Training Class Fee). Financial commitments are due at least five days prior to your class. Please understand that space in our Training Classes is limited and CTi reserves the right to deny entrance into the Training Class for any client whose commitment is not paid in full.
